

Rental Property Organizer

This Organizer is completed for: _____

You need to report rental income and expenses if you rented real estate for a profit for more than 14 days during the year. If you had rental income but did not rent property for a profit, you must still report income and expenses but additional rules apply.

- **Report income and expenses for each property separately** using worksheets [A](#), [B](#), [C](#), [D](#). Do not combine income and expenses for multiple properties.
- **If you purchased or sold a rental property during the year**, please bring copies of the [HUD-1 Settlement Statement](#) and closing papers for each sale, purchase or refinance.
- **If you are a first-time customer** of Pacific Northwest Tax Service, please bring us copies of your prior-year returns and depreciation schedules.
- **Improvements to property must be [depreciated](#)**. Examples of improvements include:
 - New roof, deck or fence, siding
 - New furnace, dishwasher, range or other appliance
 - Remodeling or room additions, electrical and plumbing upgrades
 - Landscaping, trees and shrubs
 - New carpet or other flooring, insulation
 - New cabinetry or furnishings
- **Complete the “[Asset Depreciation Worksheet](#)” at the bottom of this page for all improvements** made during the year. Use this self-employment organizer to assist with organization of your business information and records.
- **If you use QuickBooks, Quicken or Excel**, you can provide us with a backup file of your records rather than completing the income and expense sections of this organizer.
- **If you would like our accounting staff to prepare a business profit and loss for you**, we will need you to provide us with the following documents:
 - Business bank statements and credit card statements for all months of the year
 - Receipts for cash purchases not shown on bank or credit card statements
 - Checkbook register (identify all checks by entering an expense category in the memo section)
- **To minimize accounting and bookkeeping errors and costs**, we strongly recommend you do not mix personal and business expenses. You may transfer funds to and from your business and personal accounts.
 - Identify a personal withdrawal of funds from your business account as “Owner Draw”
 - Identify a deposit of personal funds to your business account as “Owner Contribution”
- **If you made payments of \$600 or more during the year** to an attorney or an unincorporated business such as an LLC, a sole-proprietor or landlord, you must issue [Forms 1099-MISC](#) to these businesses or individuals.
 - Did you issue Forms 1099-MISC where so required? Yes ☐ No ☐
 - If not, do you want us to prepare Forms 1099-MISC for you? Yes ☐ No ☐

Asset Depreciation Worksheet

- You must report the purchase and disposition of all assets you used in your business.
- Provide the following information for each asset bought or sold this year: (Eg: new carpet, roof, stove, computer, car)

Property Improvements & Assets Purchased			Property and Assets sold or disposed of		
Description	Date Bought	Cost	Description	Disposition date	Sales price

Information reported in this organizer is true and accurate to the best of my knowledge.

Business Use of Automobile

IMPORTANT: you must keep documentation to prove business use of a vehicle

If you used your automobile for active conduct of your rental business, you can claim expenses for business use of your vehicle. You must have proof of business use in the form of a mileage log or a written calendar unless you can show your vehicle was 100% business use.

You may be eligible to claim a standard mileage rate or claim actual operational expenses for your vehicle. In either case, **you must maintain written records to support your deduction.**

Provide ALL the following information for EACH vehicle you used for your business

Purchase price of vehicle		\$						
Description (Model and year)	Date vehicle was first used in your business:							
Odometer reading on January 1:	Odometer reading on December 31:							
Commuting miles (Miles you drove to/from job)		Average # of days you commute each week						
For each rental property, please provide	Property A	Property B	Property C	Property D

Travel Expense Worksheet

Meal Per Diem (Important facts)

- For each day you traveled away from home for your rental business outside the metro area, you may claim the actual cost of your lodging and meals. For meals only, you may claim a daily per diem amount instead of the actual costs.
- The daily per diem amount varies depending on the city and country you traveled to. To calculate the per diem amount you can claim, provide a detailing of each city that you travelled to for business during the year and the number of days in each city. **PNW Tax will determine the rate and total deduction amounts, so leave those columns blank.**
- You can alternate between actual expenses and the per diem method for each business trip; however you may not use both per diem and actual for the same business trip.
- Please indicate which rental property your traveled for by entering Property A, B, C, or D next to the city visited.
